WORLD YOUTH ATTEND HARRISON CAMPOREE

Campoore! What does it mean to 30 college students representing 31 nations? It means five days of camping—American style—at Camps Newfound and Owanoma in Harrison, and was held from Aug. 17-21.

Campoore was initiated in 1963 to bring overseas and American students together in a recreational atmosphere prior to attending the College Biennial Meeting in Boston at The Mother Church, The First Church of Christ, Scientist, on Aug. 23.

The nation's represented this year were Argentina, Austria, Australia, Brazil, Belgium, Chile, Canada, Czechoslovakia, Denmark, England, France, Germany, Holland, Ireland, Indonesia, India, Japan, Korea, Mexico, New Zealand, Norway, the Netherlands, Nigeria, Philippines, Rhodesia, Sweden, Switzerland, South Africa, Uruguay, United States and Wales.

BUILDING EXPANDING

Work is progressing well on a 1150 foot addition on the southern side of the Clukey Pharmacy structure.

The S. A. D. 21 board of directors, representing the towns of Cancon, Carthage and Dixfield, have named Carol Howes as principal of Dixfield High School, Dixfield.

GLIDERS AT BETHEL AIRPORT THIS WEEK

Two gliders dropped in at the Bethel airport, Col Dyke Field, on Tuesday of this week. The ships were out of Franconia, N. H., on a 60-mile cross-country flight. They were piloted by Brooks Dodge and Ray Young, respectively. One was towed aloft on its return trip Tuesday afternoon, but on account of approaching darkness, Ray Young's craft remained at the local field overnight, leaving Wednesday morning.

BETHEL SNOW TWISTERS TO HOLD ANNUAL PICNIC

The Bethel Snow Twisters will hold their annual summer picnic at the Artists' Bridge, Sunday River, on Sunday, Aug. 29, beginning at 11 a. m. Those attending are requested to take an outdoor game and their lunches. The rain date will be Sept. 12.

MUNDT - ALLEN POST A. L. 31 HOLDS SPECIAL MEETING

A special meeting of the Mundt-Allen Post, American Legion, was called Tuesday night by Commander Dave Myers to discuss the booth for the Waterford Fair. Besides the usual menu this year there will be a special feature of bean-hole beans on Saturday which will be prepared by Dale Thurston. Mr. Thurston will need help for this project so anyone that has time and is willing should contact him. Besides the regular members in attendance there was one new member, Maynard Morgan, and one guest, Greg Gilnes.

Over 21 have paid their 1972 dues and a few bills are being mailed each week for this. However, anyone wishing to pay his dues does not have to wait for a bill and can pay anytime by contacting Maurice Bouchard.

The flag pole donated by Gilbert Churchill will be delivered shortly and help will be needed to install this. GIL was transferred this week from the Evans Notch District of the White Mountain National Forest in Vermont.

Adjutant Maurice Bouchard attended the Department American Legion workshop in Fairfield last Sunday, which was an all day session, so if any member has any questions he should contact Maurice and he'd be glad to help if he can. Commander Dave Myers is looking for a new service officer so anyone that is interested in this type of work and has the time should let Dave know.

After the meeting refreshments and a delicious lunch was served by the Auxiliary and enjoyed by everyone.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Highway Dept. will have the Rabbit Road Bridge passable this week. Work will continue on the railings, approaches and abutments for a few more days. Although we do not have all the bills as yet, it is apparent we will stay within our estimated cost on the project.

I was at the University of Maine in Orono three days last week attending the annual New England Town and City Managers Institute. There were about 130 managers from New England and Canada in attendance. An excellent program was offered consisting of two and one-half days of continuing lectures on a manager's position in relation to employees and the Board he works with.

Two of the local assessors attended Bowdoin College for a week receiving instruction in assessment procedures. This was a continuation of classes they attended last spring in Auburn. More evening courses will be offered this fall which they, and others on the board plan to attend.

There are many taxpayers taking advantage of the 2% discount offered on taxes paid prior to Sept. 1.

40 SOUTHERN MAINE 4-H YOUTH AT CONSERVATION CAMP

About 40 youthful 4-H Club members from all over Southern Maine are combining a week of camping and recreation with informal classes in conservation this week at the annual 4-H Conservation Camp in Bryant Pond.

The Camp, sponsored by the Cooperative Extension Service of the University of Maine and the Extension Associations of Cumberland, Franklin, Androscoggin, Sagadahoc, Oxford and York Counties offers the young campers a first-hand look at the world of nature. They will explore mineralogy, ecology, plants and trees in an informal on-the-spot learning experience.

Conservation education instructors are David Clement, forester, S. D. Warren Co.; Stanley Perham, mineralogist; Marshall Wiebe, director and planning coordinator of the Maine Inland Fisheries and Game Dept. and Peter Corcoran, Freeman Waterhouse Campus staff member. Mid-week guest night speaker was John Shelley, Jr., of Falmouth who spoke on dowsing.

Program directors are Extension Agents: Russell E. Clark, Oxford County; Burelign P. Lovett, Cumberland County; Mrs. Elizabeth Syvinski, York County; and work-study aides for the Cooperative Extension Service, Mike Dubois and James McLaughlin of Oxford County. Camp director is Marshall Wiebe. Mr. and Mrs. John Ladd, Jr., of Portland are recreation directors.

NEW HAMPSHIRE MIXES LAKE UMBAGOG MUCK-MINING

A New Hampshire state official said this week a request from a Massachusetts developer for a rehearing on his request to mine the bottom of Lake Umbagog on the Maine-New Hampshire border has been rejected.

George Gilman, commissioner of resources and economic development, said Franklin Yoffee, Newton, Mass., would have to look elsewhere for commercially valuable lake muck.

The spokesman had earlier said that conservation considerations outweighed the economic benefits from such a mining operation. The lake, the last in the Rangeley chain, and the source of the Androscoggin River, is a home for bald eagles and spruces, both endangered species of birds.

RAILROAD ACCIDENT RESULTS IN LOSS OF GILEAD MAN'S ARM

Edward M. Quinn, 61 years old, of Gilead, conductor on the Canadian National Railroad, was seriously injured last Friday afternoon, Aug. 20, when he fell in the path of a moving train backing to allow another train to pass through. Apparently his right arm landed on the track in the path of the engine operated by Glyn Benjamin of Jackman.

The 2:30 accident took place at the easterly end of the Grand Trunk railroad trestle which crosses the Little Androscoggin River near the center of Mechanic Falls. Reportedly there were no witnesses to the mishap.

Mr. Quinn was treated at the scene by Dr. John Busch and then taken by ambulance to the CMG Hospital, Lewistown. It was found necessary to amputate his right arm above the elbow. At last reports his condition is satisfactory, and he returned to his home on the Bog Road in Gilead on Wednesday.

GREENWOOD CITY

— Mrs. Collette Morgan, Corres. —

"While fruits are slowly ripening and flowers at their best, Summer takes a breathing spell, a brief time out to rest." So writes Mary Selden in her description of August.

Pray tell me, is our summer strayed or lost?

There are no doubt many who think as I do.

The last of August is here. Its dawns are moist while fog fingers hover above our ponds and in our valleys. Each morning the lawns are spangled with cobwebs.

The sun pulls into the sky and the heat begins. It has been so here this past week but we have enjoyed a breeze most days.

At one of the cooler times three of us went exploring in the same section where I traveled alone last May. How time has passed and what changes have taken place since then! It was spring then with tiny flowers peeping through and violets along the pathway. The air was brim and the haunting fragrance of flowers, warm earth and growing things.

Of course the distant mountains were the same but the ponds seemed smaller with their summer growth of weeds and grasses.

I missed the chorus of birds, the "song ka-choonk" of the blittern and the "sweet-sweet" of the song sparrow.

With so many leaves, to view Mud Pond was almost impossible.

As we passed along the old wood road the cat-tails stood in lush green, their long slender leaves at this time taller than the brown blossom stalks. Christmas candles in August.

Near the highest point a chipmunk was climbing, too. He maybe a soul of cheerful industry as he nips the wings of maple seeds and stores them in his pouches but he is a soul of something else when he nips the heads of flowers, plunders bulbs, and pokes holes in lawns. All these things he has done to me this summer. I suppose its the mixture of good and bad which probably makes him interesting. He is not however one of the "underwear set" for he doesn't master the challenge of winter. He then curls up in a little ball in a burrow well below the frost line and sleeps the winter through.

The bushes and shrubs crowded closely and there was the sound of musical leaves high above us.

Ferns were lovely and moss covered rocks rich in their upholstered green velvet.

Time slipped by and we slipped down as we descended the side ways on the old beech leaves.

Our final push was made through black berry tangles and tall grasses; a world in itself, to the road bordered with Joe-Pye thriving in its moist soil enjoying open land or semi-shaded.

Here and there was a bright scarlet splash of sumac among the other growth. This reminded us that summer is headed southward. But we had enjoyed today with our tranquil watch from our "top of the world" into the valley where the deepening shadows stole over the productive earth.

We only wish all could have seen the entertainments that each of the six states put on and also to have been able to par-

take of the delightful meals served in an immense dining hall on North Campus. At the banquet there were 622 in attendance. The New England Parade was quite spectacular also and attracted a lot of attention.

What wonders today's interest in divine healing?
This is a question to be explored at Christian Science church services Sunday in a Lesson Service entitled "Christ Jesus."
The restoration of sight to the man born blind is one of the healings of Christ Jesus included in the Bible readings. It contains the insight: "If this man were not of God, he could do nothing."
Commentary from "Science and Health with Key to the Scriptures" by Mary Baker Eddy relates such healing to today's demands. One of

OXFORD HILLS CONCERT — The Oxford Hills Music Boosters have recently been informed that the Greater Boston Youth Symphony Orchestra, and the Junior Symphony Orchestra of Greater Boston will perform in concert at the Oxford Hills High School Auditorium, South Paris, on Sunday afternoon, Aug. 22, at 3 o'clock.

It has been three years since the senior orchestra performed in this area. Last year the group attended the International Festival of the Performing Arts in Israel, and the previous summer they attended the First International Festival of Youth Orchestras in St. Moritz, Switzerland. This orchestra will perform in concert next May at the new Kennedy Center for the Performing Arts in Washington, D. C.

The senior orchestra is conducted by Walter Eisenberg (above), former conductor of the Boston University Symphony. The junior orchestra is conducted by Robert Conley, a leading public school music educator in Massachusetts for many years. There will be 150 musicians participating in this excellent musical event. These young artists are considered among the finest in the United States. This concert is sponsored by the Oxford Hills Music Boosters. A minimal charge will be made, the proceeds of which will be given to the high school band uniform fund.

talent states: "It is possible, — yes, it is the duty and privilege of every child, man, and woman, — to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."

Services at First Church of Christ, Scientist, Main and Tenth Streets, Berlin, N. H., begin at 11 a. m. Everyone is welcome. Your children are invited to attend Sunday School held at the same hour.

Enjoy a day of fun golf at one of Maine's finest 9-hole golf courses—the famed Bethel Inn course in Bethel—Saturday, Aug. 28 at the Oxford County Clowns Golf Tournament, with play-off time at 8 a. m.

Come one and all! Handicaps will mean nothing on this golf day, as this is the day of the Clowns! Each and every hole will have a different style of play—ever use a pool cue to putt?

After the fun round of golf, you may enjoy a sandwich or full course meal at Bethel Inn. The management of the Inn has offered a special rate for those who would like to stay overnight.

The money raised will be used by the Oxford County Shrine Club, Clowns unit to defray their expenses and to make a donation to the Shrine Hospital.

FUTURE OF SCHOOL OF NURSING IN BETHEL, N. H., DOUBTFUL

The future of the St. Louis Hospital School of Nursing, Berlin, N. H., has been reported as uncertain. Currently plans are to phase out the school entirely; accordingly those already enrolled in the nursing program would graduate but no new classes would be accepted this fall. A long-range planning committee has been formed to study the school of nursing as well as plan for the future of the hospital.

LETTER TO THE EDITOR

Editor, Sir:
The Postal Customer's Bill of Rights

The enclosed is a facsimile of a poster exhibited in various Post Offices.

The request for a copy was most promptly and courteously complied with, and perhaps you would like to share it with the readers of your esteemed paper.

"YOU — OUR CUSTOMER — when entering this post office, have the right to expect, and can depend upon:
"A neat, clean counter on which to transact your business. — A well-groomed, neat window employee to serve you. — A friendly greeting that expresses our desire to assist you. — Knowledgeable, well-informed, interested window personnel to help you with your postal needs. — Prompt, alert and efficient service when you come to the service counter. — Competent and correct information on all your inquiries. — An attitude that reflects helpfulness, patience and congeniality. — The courtesy and tact you would expect from a friend. — Polite referral to another window, or individual, when necessary to give you the appropriate service. — A feeling, upon leaving, that we were glad to serve you and help you at all times."

P. S. Bethel does not have many industries. Let the friendly light in everybody's eye greet the stranger. Let us plant trees—God's own natural trees and not "trimmed" mishapen cripples (instead of obsolete, horse and buggy era expensive kerbs), and we will be irresistible—our beauty will be our best, most permanent industry.

Sincerely,
Bronislawa Y. Noyl

TEACHER PROFILE

On a September morning in 1943, the balcony of W. G. Crosby High School—which later gained fame as a setting for the movie version of Peyton Place—was filled with newly elevated seniors. They were more than a little mischievously discussing the schedule of class assignments—the chief object of their glee being the shortage of three faculty members whose positions were indicated by the letters X, Y, and Z.

The mood was suddenly broken for three of those seniors when a messenger from the principal tapped them on the shoulders and said, "You're X; you're Y; and you're Z." Today, the Title I Reading Teacher at Woodstock — Locke Mills elementary schools can't remember just which of those letters came to her that day, although she does recall that before she received her diploma the following June, she had filled each place, and a few others besides. And she's still given to an occasional bad dream about trying to get to her own Chemistry class.

That was the beginning of being a teacher, officially, for Mrs. Natalie Timberlake.

The next spring she turned down an academic scholarship to the University of Maine, despite the advice of interested teachers that she accept it. Instead she went on with plans to enter the U. S. Cadet Nurse Corps at the Eastern Maine General Hospital School of Nursing. It was not until a January night in 1970 that she journeyed to Orono to collect her B. S. in Education from the University. However, she has always been glad she made the earlier choice as she'd did.

In the work of special reading teacher, the skills, principles, and experiences contained in learning and practicing the profession of nursing are summoned daily. But, perhaps, more joyfully experienced is the direct contact with the boys and

CELEBRATES BIRTHDAY

Elizabeth Crosbie celebrated her sixth birthday on Aug. 24 with a luncheon party. The guests included Marybeth Peeney, Laurie Vogt, Christine Caton, Kim Manson, Twigs Angelvine, Bryan O'Donnell, Garrett Crosbie, and her cousin, David Ackerman from Portland, Ore. The children enjoyed playing games, listening to a story, and breaking open a Mexican pinoyota.

girls whose capacity for a more rewarding life she is trying to increase. Such direct contact with "patients" is often not possible for professional nurses today.

As a nurse, Mrs. Timberlake worked until 1950 at her alma mater, as staff nurse, obstetric, assistant head nurse, medical-surgical. At the Skowhegan Community Nursing Service, she was executive secretary-nurse before moving to Nashua, N. H., in 1951. From 1952-1960, she was staff nurse, part-time, obstetrics. Since returning to Maine, she has been a volunteer nurse; done a very little private duty work; and was on the substitute staff at Oxford Paper Company medical department for a short time.

She has been identified with local schools since 1961, when she became a substitute teacher and has worked in all of the districts towns except Andover.

For the future, she is enrolled in the Graduate School of the University of Maine, to work for the degree Master of Education, Learning Disabilities. When completed this would qualify her to go into regular classrooms, locate boys and girls who have learning disabilities, and plan with the class room teacher a curriculum for those children which their teacher can carry on right there.

Interests in health services in the community, and in Scouting activities have kept her busy, always. As a family, the Timberlakes and their two sons spent family vacations camping and travelling for many years. They reside in Bethel. Her personal hobbies are exploring Oxford County and its people; writing, writing, and reading.

UPTON

Mrs. Arline Bernier, Corres.

The Community Club and Church members held an informal meeting at the Ladies Aid Building. Mr. Tucker reported a large deficit in the church treasury and Dave Miller and Arline Bernier were empowered to draft a letter of request for donations to decrease same before other methods of fund-raising are employed. Whether or not the reader responds to this request, we ask your prayers that the will and guidance of the Lord prevail in all aspects of the church functions.

The group as a Community Club discussed the breaking and entering of homes in the area. Dave Miller reported the loss of several valuable items. Several possibilities were discussed for prevention and reduction of vandalism. Mr. Miller expressed interest in compiling information concerning breaks in the Andover, Newry and Upton area for what it may be worth.

A small trailer home for cutters on Villeneuve's job on Back Street was broken into over the week end. Some things were stolen; a cucumber patch was torn up; eggs were thrown on the walls and a sharp tool was used to puncture the walls of the camp.

The sixth grade of Errol held a reunion recently when the Hams of Errol stopped by for Kathy and she and Elizabeth Ham had an outing together.

RESOLUTIONS OF RESPECT

Once more death has entered our ranks and taken from our midst Sister Amy E. Thompson, a faithful and loved member and worker of our order, and while we mourn the loss of a loyal member we are rejoiced at her freedom from suffering and her entrance into a higher life where sickness and sorrow are no more. Therefore be it—

RESOLVED: That Round Mountain Grange extend to the bereaved family and other relatives of our Sister our heartfelt sympathy and we point them to our Heavenly Father for comfort in their hour of trial.

RESOLVED: That these resolutions be placed on our records, that a copy be sent to the family of our Sister, and one sent to the Oxford County Citizen for publication, and our charter be draped in mourning for thirty days.

"I opened the old, old Bible, And looked at a page of Psalms, 'Till the solitary son of my troubles was soothed as by summer rains;

For the words that have helped so many,

And the ages have made more dear,

Seemed now in their power to comfort,

As they brought me their word of cheer!" —(Unknown)

**WE WILL NOT STOP
TALKING ABOUT V.D.**

It must seem that everywhere you turn somebody is harping to you about venereal disease and especially gonorrhea. We admit to being an active public pleader on the subject. But frankly its importance is really overwhelming. It can actually affect the whole basic health structure of our country.

We could quote you a whole lot of frightening statistics, but statistics do not seem to impress people to action unless they or someone close to them becomes one. Don't let it happen. Become an activist in a fight where nobody can win and everybody can lose. If anyone you know has a VENEREAL DISEASE urge them to consult a physician.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. - Thank you.
